Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Discussion	Daily	WhatsApp / Google Meet	Project Team	Discuss daily tasks and progress
2	Progress Update	Weekly	Google Meet	Team Members & Guide	Review project progress
3	Communication Type	Frequency	WhatsApp / GitHub	Development Team	Resolve coding and system issues
4	Team Discussion	Daily	Google Meet	Guide & Team	Collect feedback and improve the project
5	Final Demo Rehearsal	Once	Offline / Google Meet	Entire Team	Prepare for the final demonstration
6	Documentation Review	Weekly	Google Docs	Team Members	Review reports and documentation

S.No	Challenge Faced	Resolution / Action Taken
1	Integrating the trained machine learning model with the Flask web application	Successfully integrated the trained model (best_model.pkl) with Flask and verified prediction functionality.
2	Inconsistent prediction results due to data quality issues	Performed data preprocessing, feature encoding, feature scaling, and retrained the model for improved accuracy.
3	Coordinating project tasks and documentation	Conducted regular meetings, assigned responsibilities, and tracked progress to ensure timely completion.
