

Project Demo Planning

Date	04 July 2026
Team ID	SWTID-2026-9794
Project Name	Credit Card Approval Prediction
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce the project, explain the need for automating the credit card approval process, and	2	Kodirekka Sangeeth Babu
2	Solution Overview	Explain the project architecture, dataset, data preprocessing, machine learning workflow,	3	Aragonda Indra
3	Live Feature Demonstration	Demonstrate the Home Page, Applicant Details Form, Credit Card Approval Prediction, and	6	Kodirekka Sangeeth Babu
4	Model Performance & Results	Present model accuracy, confusion matrix, classification report, and sample prediction results.	2	Aragonda Indra
5	Future Enhancements	Discuss future improvements such as larger datasets, cloud deployment, enhanced	1	Kodirekka Sangeeth Babu
6	Questions & Answers	Answer evaluator questions and explain the project implementation and future scope.	1	Both Team Members

Demo Flow Summary

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the importance of automated credit card approval using Machine Learning.
2	Solution Overview	Present the project architecture, dataset, preprocessing, machine learning model, Flask application, and workflow.
3	Live Feature Demonstration	Demonstrate applicant data entry, prediction generation, and display of the <u>Approved/Rejected</u> result.
4	Q&A Session	Answer evaluator questions and explain implementation details, model performance, and future enhancements.
